**Falcon Electronics  
Corporate**

47 Mall Drive  
Suite 5  
Commack, NY 11725  
tel: 631-351-8515  
fax: 631-423-1681

**Falcon Electronics  
Western Area**

1505 West University Drive  
Suite 105  
Tempe, AZ 85281  
tel: 480-829-1100  
fax: 480-829-7648

**AUTHORIZED PRODUCT LINES**

AS9120 / ISO 9001:2000 CERTIFIED  
DSCC QSLD

**Datel**

[www.datel.com](http://www.datel.com) [www.murata-ps.com](http://www.murata-ps.com)

Analog to Digital Converters (Hybrid & Monolithic), Digital to Analog Converters, DC/DC Converters, Ruggedized Power Supplies, Digital Panel Meters and Magnetics.

**DPACI**

[www.dpaci.com](http://www.dpaci.com)

Supplier of products and services to Military/Space/Harsh environment markets. Memory products built to SMD V,Q and N levels. Also SCDs off the shelf or built within 14 weeks. Services include test, screening, qualification and analysis. MCM, Hybrids and special packaging available in a secure environment.

**Holt Integrated Circuits**

[www.holtic.com](http://www.holtic.com)

ARINC 429 Databus Products, Mil-STD-1553 Databus Products, Discrete to Digital Circuits, Premier Magnetics' Transformers, SMD Qualified ARINC Circuits, LCD Display Drivers and OP-Amp Comparators.

**ISC8**

[www.isc8.com](http://www.isc8.com)

2D/3D stacked chip assemblies utilizing memories, processors, analog products and sensors. Intelligent cybersecurity solutions for IT in both commercial and government environments where reduced size, weight and power is required.

**Microsemi Corporation**

[www.microsemi.com](http://www.microsemi.com)

Opto-electronics, RF products, Voltage suppressors, Diodes, IGBTs, MOSFETs, power modules, Rectifiers, Power Circuits, Backlight Controllers and Inverters, Inverters, PWMs, Voltage regulators, Low Drop Out Regulators, Relays, Pressure Sensors, Op Amps, Thyristors and Transistors. Hermetic Packaged Devices and SMD drawings. MIL-M-38510, MIL-PRF-19500, MIL-PRF-83536 and MIL-PRF-6106 Products.

**Precision Devices**

[www.pdixtal.com](http://www.pdixtal.com)

Global supplier of precision crystal frequency devices. Serving the commercial, military and space marketplace for high-quality crystals, crystal filters, clock oscillators, and QPL MIL-PRF qualified oscillators.

**Semtech Corporation**

[www.semtech.com](http://www.semtech.com)

Power Discretes including Half Wave Discrete Rectifiers, Half Wave High Current Assemblies, Single Phase Full Wave Bridge Assemblies, Three Phase Full Wave Bridge, Center Tap and Doubler Assemblies, Half Wave High Voltage Assemblies, Single Phase Center Tap and Doubler Assemblies, TVS Rectifiers & High Voltage Capacitors. Semtech also offers Power Management, Protection, Advanced Communication, Test & Measurement and Wireless Sensing products.

**Smart Modular Technologies**

[www.smartm.com](http://www.smartm.com)

Industrial-Grade and Industrial-Temp SLC Flash SSDs including embedded USB (eUSB), embedded SATA (iSATA and uSATA) and mini-IDE drive form factors equipped with SATA, USB, PCIe and PATA interfaces; Compact Flash (CF), PC Card and Key Drive form factor flash products utilizing ATA, Linear, IDE, and USB technologies; DDR, DDR2, DDR3 and PC133 DRAM Memory Modules.

**Spectrum Microwave**

[www.spectrummicrowave.com](http://www.spectrummicrowave.com)

SMD Linear Hybrids, Diode Drivers (Microwave), Solid State Relays, QML Obsolescence Solutions Sipex military hybrid product line, Hycomp Mixed Signal Analog Circuits (D-A & A-D Converters), Resistor Networks, SMD Qualified Products.

**TT electronics**

[www.ttelectronics.com](http://www.ttelectronics.com)

**AB Connectors**  
 Connectors, backshells, harnesses and box systems for military and high reliability applications.

**BI Technologies**  
 Precision potentiometers, position switches, turn-counting dials, chip resistor, passive networks, transformers, inductors.

**IRC**  
 Resistor solutions including current sense, precision power, integrated passive components, thin/thick film, tantalum nitride.

**OPTEK Technology**  
 Discrete sensors, Opto Transmitters/Receivers/Coupling, Infra-Red Emitters, Fiber Optic devices, HI-REL SCDs.

**Semelab**  
 Power Supply Control Circuits, PWMs, DC/DC Converters, Motor Control ICs, Transistors, Regulators, Mil Qualified.

**Welwyn Components**  
 Resistive products, advanced custom micro assemblies and packaging technologies.

**Vishay Siliconix**

[www.vishay.com/company/brands/siliconix](http://www.vishay.com/company/brands/siliconix)

Power ICs, Power Mosfets, Small Signal FETS, Analog Switches and Multiplexers, Little Foot mosfets, Mil-S-19500 and 38510 products.

**Western Digital**

[www.wdc.com/en/products/solidstate](http://www.wdc.com/en/products/solidstate)

Standard and application-specific solid-state storage solutions developed and optimized for the unique requirements of the Enterprise System OEM market.

**Xtreme Semiconductor**

[www.xtremesemi.com](http://www.xtremesemi.com)

12, 14, and 16 Bit A-D Converters (Crystal Semiconductor heritage), Obsolescence Solutions, Space Level Available, SMD Qualified Products.
